2026~2027 Korean as a Foreign Language Program

Published in Sep 2026

Since it began offering Korean Education as a foreign language in 1988, Ewha Language Center has been a professional institution for more than 30 years, continuously developing curricula, teaching methods, and textbooks. We support foreign students in focusing on learning Korean by developing various textbooks, including『New Ewha Korean』(the newly revised edition of『Ewha Korean』),『Essence Ewha Korean』, and『College Korean for international students』. With careful student management, we aim to facilitate Korean language learning. Students from all over the world, across diverse age groups, are studying Korean language and Korean culture with us.
